

WE'RE

MOVING

TACOBAR
Mexican Cuisine

As the end of the year draws near I would like to take the opportunity to thank all of our customers for allowing us to serve you at our original store on Wellborn Road for almost 6 years! I am extremely grateful for everyone that has become a regular and family at Tacobar.

While these last two years have been nothing more than daily challenges I am happy to say we're growing and learning to adapt to the "new norms" in business and will continue to face every challenge with the hope to call them victories at the end of the day.

Being completely honest we wouldn't be where we are if we weren't part of such an amazing community we're blessed to call home!

On November 30th we signed off and took over Mad Taco's lease on Texas Avenue & University Dr. across Texas A&M University. We are very pleased to announce that we will be opening a new Tacobar early 2022. We are working to create a new culinary experience from our classics to all day street tacos, brunch an impressive mixology menu including but not limited to cocktails with tequilas and mezcal and a coffee bar. We are working with the amazing architects from Cazha Studio in Mexico to design a very unique interior to add to our customer's overall experience. With this growth and new adventure we have made the decision to close our store on Wellborn Rd. at the end of this year. It's not an easy decision since it is at that store where it all started but it's the best decision at the moment.

From my whole team and family I want to personally wish everyone a Very Merry Christmas and a wonderful New Year!

We look forward to continue being part of the community and cant wait to show everyone what we are doing very soon.
